Parents, coaches, officials, volunteers and swimmers all have a role to play in ensuring the safety of all participants at sanctioned competitions in Ontario. We must create an environment that encourages and motivates participants to assume responsibility for their own safety and the safety of others.

- The [Swim Ontario Concussion Management Procedure](#) is in effect at all Swim Ontario sanctioned events. It outlines the Swim Ontario Removal-from-Sport and Return-to-Sport protocols. Clubs and coaches must ensure athletes are aware of this procedure.

## OPEN AND OBSERVABLE ENVIRONMENT

Swimming Canada and Swim Ontario are dedicated to providing a safe and inclusive environment, which involves promoting Open and Observable Environments. ## FACILITY RULES

### AQUATIC EVENT PROCEDURES FOR MEET MANAGERS, OFFICIALS AND COACHES

1. The Olympium Part Time Pool In-Charge will be responsible for handling any problems that arise with space allocation or safety during the meet.
2. Absolutely no food in the bleachers or on the pool deck with the exception of drinks provided for the officials working during the event. Coaches are expected to set an example and enforce this rule with their swimmers.
3. No running on the deck, under the bleachers or on the bleachers
4. No climbing across the railing between the gallery and the bleachers.
5. Shoes must be worn whenever outside the pool or change room areas
6. No diving off the starting blocks or bulkhead during warm-ups. Please slip or jump into the pool. It is recommended to designate lanes one and eight as sprint lanes in one direction only, for the last part of warm-ups.
7. The use of flippers and hand paddles, during warm-ups is prohibited.
8. The host club, meet manager and safety marshals are responsible for ensuring that the numbers of swimmers during warm-ups do not exceed the posted pool capacity of 470 (calculated by the Ontario Health Regulations). A good rule of thumb is that a single lane should never exceed more than 29 total swimmers at a time (including those in the water but not swimming). If facility staff notice that the overall pool capacity is being exceeded, they will attempt to notify the meet manager or safety marshals for their action. If pool capacities are continually not being adhered to, the pool may be cleared at the discretion of the lifeguards.
9. Swimmers who are not competing, are not to be in other areas of the building and are not to upset the normal operation of the other departments.
10. Coaches are directly responsible for the supervision of their athletes at all times. This includes the pool area, changerooms, hallways and all other areas of the Etobicoke Olympium.
11. Permit Holders are ultimately responsible for the safety and conduct of third party vendors during their event.
